I heard you say to me you wanna be my number one
So let's talk about it, sister, now the game has just
begun
So if you wanna be my number one, if you wanna be my
number one
Let me know your future plans

I heard you telling friends that you are my number one
But not yet, my little sister, now the game has just
begun
So if you wanna be my number one, if you wanna be my
number one
Let me know your future plans

Just try to do the things good to me
'Cause what is to be got to be
So if you wanna be my number one, tell me, if you
wanna be my number one
Let me know your future plans, won't you sister

I heard you say to me you wanna be my number one
So let's talk about it, sister, now the game has just
begun
So if you wanna be my number one, if you wanna be my
number one
Let me know your future plans

Never ever hurt this man, and you'll be my number one
