Soon forward, come turn me on  
You told me that you soon forward, come turn me on,  
now  
Turn your lamps down low, now  
So we ain't gonna linger no more

In a time like this  
I know the feeling is so hard to resist  
So turn me on, turn me on, now  
So turn me on, turn me on, now

Don't you stay too long  
Slow right down, I'm coming on strong  
Please don't let me wait  
'Cause tonight is the night for our date, yeah  
So turn me on, turn me on, now  
So turn me on, turn me on, now

Turn your lamps down low, now  
So we ain't gonna linger no more  
In a time like this  
I know the feeling is so hard to resist  
So turn me on, turn me on, now  
So turn me on, turn me on, now
