I hear, the wind dote in the yard,
It blows through my button holes,
I feel so far away from this place,
Your words are still in my mind.

But I'm not supposed to think of you anymore,
No, I'm not supposed to think of you anymore.

And I know that I make you think of something,
That you would rather put away,
I'm sorry I'd rather go than hurt you,
I never saw it end this way.

But I guess I won't be seeing you anymore.
No, I guess I won't be seeing you anymore.

But, in this closure I think I missed a step somewhere,
Between being here and fading out into your memory.

Soon, you'll cross another time zone,
And turn to a fresh blank page.
I hope, that happiness will find you.
I hope you'll find hope again.

Cause' I can't seem to find you anywhere.
It's getting tired, and I give up, I'm letting go.

But in this Closure I think I missed a step somewhere
Between being here and fading out into your memory.

In this Closure I think I missed a step somewhere,
Between being here and fading out into your memory.
