"Down A Rabbit Hole"

I heard you fell into a rabbit hole,
Covered yourself up in snow.
Baby tell me, where'd you go,
For days and days.

Did they make you stay up all night?
Did they paint your face that pasty white?
You're thirsty but your appetite gets chased away.

The sun turns us to stone.
It's a cloudy day,
But we still can't go,
Up and out that cellar door.
Till we see the moon,
We're invisible.

No one ever takes the garbage out.
A neighbor kid gets dared to touch the house.
He runs back only to announce,
There's no one home.

'Cause we paint the foil with the flame.
Smear the soda, taste butane.
For every fear that can't be named,
To calm you down.

Your heart starts skippin' steps.
So you're farther gone,
Than you might expect.
If your thoughts should turn to death,
Gotta stomp 'em out,
Like a cigarette.
