Guess theres a lesson to learn
As if i hadn't learned it before
I tried my hardest to keep it all in
I aint keepin it no more

Made mistakes every day
And I learned from two
Keep those that you love the furthest from you
And try to take care of them too.

It's just the feeling I have
And it aint what i think I should do
Pluck out my heart and I'll give it to you
And you'll get more use from yours too

Get back (get back)
Get back (get back)
Get back (get back)
Get back (get back)
look what ive done to you
Get back (get back)
Get back (get back)
Get back (get back)
Get back (get back)
look what ive done to you

I'm too tired to go on
And I'm too lost and alone
I looked in the mirror on the back of your door
All my weaknesses show

Theres a bomb going off
Out in the yard of the house
When we worked so hard to pull all the weeds out
What were we talking about?

Get back (get back)
Get back (get back)
Get back (get back)
Get back (get back)
Look what I've done to you
Get back (get back)

Get back (get back)
Get back (get back)
Get back (get back)
Look what I've done, look what I've done
Look what I've done to you
