Girl behind the screen, the movie I seem to see is  
hardly there.  
The glass contacts in my eyes make it hard to focus.  
When you step out on the floor, your dress is swaying  
in the piano.  
The fabric of your invisible body is being sewn with  
music.  
Katie, will you come true for me? Come by sometime  
when I'm awake?  
Everyone else just lies to me; yeah they say you're a  
dream.  
Will you step into the light from the screen so that I can  
make out your shape?  
You don't need to tell me anything, because I know  
what you mean.

your room.

when I'm awake?  
Everyone else just lies to me; yeah they say you're a

make out your shape?

what you mean.  
The rain shall come, and corpses become roses.  
There's a hidden beauty finding it's way out of  
everything.  
Katie, will you come true for me? Come by sometime  
when I'm awake?  
Everyone else just lies to me; yeah they say you're a  
dream.  
Will you step into the light from the screen so that I can  
make out your shape?  
You don't need to tell me anything, because I know  
what you mean.

Just hold your tongue. Don't be so quick to curse them.  
There's a hidden beauty finding it's way out of  
everyone.  
Katie, will you come true for me? Come by sometime  
when I'm awake?  
Everyone else just lies to me; yeah they say you're a  
dream.  
Will you step into the light from the screen so that
