Once we rode together in a metal firecracker. You told me I was your queen. You told me I was your biker. You told me I was everything.

Once I was in your blood, you were obsessed with me. You wanted to paint my picture. You wanted to undress me. You wanted to see me in your future.

All I ask is don't tell anybody the secrets. Don't tell anybody the secrets I told you.

Once we rode together in a metal firecracker. You told me I was your queen. You told me I was your biker. I used to think I'd always be your girl.

And we turned on ZZ Top, turn it up real loud. I used to think you were strong. I used to think you were proud. I used to think that nothing could go wrong.

All I ask is don't tell anybody the secrets. Don't tell anybody the secrets I told you.
