Well I wish I had a parachute  
Cos I'm falling back for you.  
I can see the ground approaching now  
But I'm not sure what to do.  
Guess I feel like a pi?ata  
Won't you take a swing at me?  
If you could just crack the shell open  
I think inside you would find  
Something sweet.

Well I hear you like a hunter now,  
Your footsteps in the weeds.  
I would gladly leave my hiding place  
Yes, I'm hoping to be seen.  
So let your arrow fly and sing  
I'm well within your aim.  
And lay your traps for a 1,000 miles  
Please don't let me escape

The winter came to Omaha,  
It left us looking like a bride.  
A million perfect snowflakes-  
No two are alike  
So it's hard for me imagining the flaws in this design  
I know debris it covers everything  
But still I am in love..  
With this life.
