If I had it my way,
This would be the first time that I made love
I would be the first girl that your hands touched
We've both done our share of living
Taken chances we've been given
I've Never been too big on looking back

I don't care if I'm your first love
But I'd love to be your last

If I could do it over
I have waited for this moment
So I could give my heart to you unbroken
But if our mistakes brought us together
Does it really matter
If we were saints or sinners in the past

I don't care if I'm your first love
But I'd love to be your last

All I know is what I see when I look at you
& All I see is what I'm feeling down inside
& all I feel is that I'm feeling I finally got it right

When I wake up tomorrow
I'm gonna wrap my arms around you
Thank my lucky stars I found you
Cuz I know your heart has so much more than anyone
has touched before and
Nothing matter more to me then that

I don't care if I am your first love but I'd love to be your
last
I don't care if I'm your first love but I'd love to be your
last
