"Patience"

Visit "[Patience](#)" on MotoLyrics.com

Troubling you

When it's over

I will never make you care

Wish you well

Being someone

Your ridiculous affair

[Chorus:]

Lost and found without fear

I will gladly outstay

Safe and sound with you

I will hardly be your mate

I will gladly be your mate

Asking why

Only asking

You will never say a word

A silken touch

Gentle motions

Wanna lay my hands on you

[Chorus]
