Looking into sun  
Making things you've done to me  
Lying in the sand alone  
Being not the one  
Landing on the ground  
Saying words you've said to me  
Feeling happiness behind  
Taken off the list

[Chorus:]  
End this phase  
I couldn't pass this phase  
Nothing is left to screen  
For me to see  
End this phase  
I couldn't pass this phase

Air in my hands  
Hating things you hate in me  
Laughing in the open space  
Talking you from me

Since I am your mistake  
Since you've walked away  
Since I am left behind  
Since I am painted black

Find me  
The fire of your eyes  
Shadows of mistrust  
Follow me again  
Needless  
Taken off the list  
Sorrow on the rise  
Doesn't set me free

[Chorus]

Voiceless fire of despair  
Walking by the sun  
Laughing in my eyes  
Talking through the ground

Watching at my sores

The empty sea of fantasy  
Deserted lands belong to me  
Distorted echoes respond to me  
I will descend and disappear
