I've been chasing rainbows all my life,
Still haven't found that pot of gold,
Send my prayers to heaven every night,
Just close my eyes and let 'em go,

Seems like everybody,
Has got one up on me,
Someone tell me,
What I'm 'sposed to do.

Why does the sun always shine,
On the other side, on the other side,
Why does it always have to be,
Always raining, always raining on me.

Seems like I've been standing,
Under the clouds,
And it's always been that way.
Ain't no silver lining, to be found.
Everywhere I look
It's just another shade of grey.
Oh Yes it is.

And i don't know why
And i don't know when
And i don't know where
To begin.

Why does the sun always shine,
On the other side, on the other side,
Why does it always have to be,
Always raining, always raining on me.

I know there's a rainbow hiding,
Just beyond the clouds,
So I'll keep on keepin' on,
Ain't gonna let it get me down.
I won't let it get me down!
Ooo-Yeah-E-Yeahhhhh

Why does the sun always shine,
On the other side, on the other side,

Why does it always have to be,
Always raining, always raining on me.

Always raining on me. x 3
Yeah it's always raining on me.
