Road side signs  
Eighteen wheels rollin' through the night  
Sometimes, I wondered 'bout this crazy, lonely life  
People come and go  
Some you love, and some you don't  
Some you lose, and some you learn to let go

And I don't know what I'm trying to find  
Stealing love on borrowed time  
Always missing what I have left behind

But I keep rollin'  
I keep on rollin'

I can't slow down  
I can't tell you where I'm bound  
Maybe I'm just spinnin' 'round and 'round  
Maybe I'm a page  
Written words I can't erase  
A book of songs I sing from stage to stage

And I know that there may come a day  
Where I have nothin' more to say  
Wonder if they'll think I've lost my way

I'm still rollin'  
I keep on rollin'

I'm still rollin'  
I keep on rollin'

I'm still rollin'  
I keep on rollin'
