(verse 1)

I've never done anything.  
That would ever bring a tear to your eye.  
I've never crossed the line.  
Or needed an alibi to cover up a lie.  
But darlin' i'll admit.  
There've been times when I could have.  
The thing that kept me strong.  
Is the one thing that is always on my mind.

(CHORUS)

When I think about cheatin'  
I just think about you leavin'  
And how my world would fall to pieces.  
If I tossed your love away.  
Even when I'm tempted by some stranger.  
No, there's never any danger.  
I just think about you leavin'  
When I think about cheatin'

(verse 2)

There was a time in Abilene.  
When he said all the thing's I wanted to hear.  
It was hard to turn him down.  
Between the champagne, and the sound of whispers in  
my ear.  
But it just took one two-step with someone and I was  
missing you.  
He never had a chance, 'cause I broke up that dance  
before the song was through.

(chorus)

When I think about cheatin'  
I just think about you leavin'  
And how my world would fall to pieces,  
If I tossed your love away.  
Even when I'm tempted by some stranger,  
Oh, there's never any danger.  
I just think about you leavin'  
When I think about cheatin'

And when I'm tempted by some stranger, oh there's

never any danger.  
I just think about you leavin'  
When I think about cheatin'
