I want to tell you,
You're stronger than you think,
And I'm just glad you realized you had too much to
drink.
When I look at you the fog has been erased,
And I don't care what it was
Cause now you're on your way.

Some people just can't "have just one."
Some things are better left alone.
I never liked that guy, remembering back then.
But that's all in the past, there's no need to pretend.

Please just call on me, if you feel like giving in,
Cause I don't want to let it get the best of you again.
