"Candy"

I want some candy
I've got to have it
First thing in the morning
I can't kick the habit
Take just a bite
Try just a taste
Just enough to satisfy
But, don't let it go to waste

I don't know why...
Something inside me has changed
I don't know why...
I feel it coursing through my veins
I don't know why...
Slowly driving me insane
I don't know why...
But I know I'll never be the same

You can feel it
You can taste it
You can love it
You can hate it
You despise it
Or embrace it
Always have it
Never waste it
You can listen
Or ignore it
You command
Or you can follow
You can break new ground
Explore it
You can spit
Or you can swallow

There's something about it
That seems so appealing
Without it happening
It just leaves you reeling
Nothing that I know
Resembles the feeling

Like one piece of candy
As I hang from the ceiling

Something inside me has changed
I don't know why...
Feel it coursing through my veins
I don't know why...
Slowly driving me insane
I don't know why...
I know I'll never be the same
