Let me tell you the deal about a girl I know.
Over there she's all alone.
More alone than you or I will ever know
And it doesn't have to be so.

I've seen it happen before,
You can't hide the truth from me.
That smile doesn't mean a thing
It's not that hard to see.

Because I know the truth,
I know he hurts you.
I know the truth,
That hand controls you.

He doesn't treat you right,
It's time to say goodbye
I know it's been sometime you've really got to try.

Apologies been said,
You've heard this all before,
Please don't settle for this,
You know there could be so much more.
