Let down
Manipulated
Lied to
Sold out
For his political future he allowed it to be
Stolen
The secrets lost in a moment
Frozen
The opportunity that presents itself to us is golden

The story
Is complicated and boring
Only
If you follow it closely you can see that they were willing
With the blood that was spilling
Chilling
How they can disregard all the oppression and the
killing

But no matter what they say
It continues to this day
With the door unlocked
They all looked the other way

With a willingness to lie
Their culpability denied
Precautions taken
But they never really tried

The price we'll have to pay
For giving it away
The most sophisticated weapons man has ever made...
