- "Commit"

I'm wasting my time

I'm wasting my breath

I'm wasting my energy

Trying to impress

What's so wrong with all that I do?

What's so wrong with everything that I do?

So no one's home

When I come on the phone, you try to avoid me

When I get you alone

What have I done?

What did I do?

All I wanted was anything from you

I won't mistreat you

All my love is around you

For so long it's always been this way

If I let you come in you can follow me

Kill my depression why I don't kill you?

I'm going insane from all the things that you do

Crawling illusions crawl in your head

Crawling illusions crawl in your head

You can keep on knocking but you can't come in

I'm going crazy from dreaming of you

What have you done?

What did you do?

All I wanted was something from you

I wanna commit! (x4)

COMMIT! (x9)
