She shines like a flower  
In my head  
Everybody,  
Wants to pick her dead

(Chorus)  
She said she loved me  
And lied to me  
She was by the river  
And lied to me

She shines like a flower  
In my head  
Everybody,  
Wants her in their bed

(Chorus)  
She said she loved you  
And lied to you  
She was by the river  
And lied to you

So eager

(Chorus)  
She said she loved me  
And lied to me  
She was by the river  
And lied to me

So eager

(Chorus)  
She said she loved you  
And lied to you  
She was by the river  
And lied to you

So eager
