There's a party at 8:02 don't be late
Hurry up, hurry up! and be ready don't make us wait
I know u know the place so please don't hesitate
Or waste anytime, there u'll find ur rythm while
listening
To ma ryhmes. To get in u need no nothin. To get in u
need no dime.
Just be there & like cheese u'll be Just fine!
But naah! Zoom says u'll feel fuckin' great!
Don't forget to be there early coz the gates open up
At 7:00 & by then u can already smell heaven, our safe
Haven where u can fly to the skies so high so free like a
raven
Ground don't make me frown don't pull me down from
my sky
Ground don't make me frown don't pull me down from
my sky
Ground don't make me frown don't pull me down from
my sky
I wanna get high really high
The food that will be served is not for the tummy but
it's Yumme!
Dried & greeny greeny. Vvery "cool man's delicacy"
Called the "magic dubi". So use it with a bong along
With my song. Puff it hard now hit it harder let the
smoke
Go under water. Or u can use the wonder paper. Wrap it
Around it, light my fire now please light it. Let my sweet
Marijuana soothe & cool ya! G

Fat spampi miss abi. Like slapshock, she'll pull the

In ya head! band! But ur not dead coz sh'll just spread
All that smoke in ya brain & ya gonna go insane. With
Her every stroke she'll make u float like a boat in the
