holy man of bastard lie
-"Let your children come to me.."
kneel ! do not fear
silence! suck my holy spear

dear father I lead them to you
I am one step closer to eden
crying boy , bloody and beaten
drowling delightful semen
swallow ! you're one of his lambs
just close your eyes and enjoy my hands

raped by the servant of God
injured for life , marked forever
raped by the bastard of lie
they will die

another mass , another boy
behind the curtains, the servants toy
paying the price for his holy lust
all for God , all for him
his robe wear the stench of sin

raped by the servant of God
injured for life , marked forever
raped by the bastard of lie
they will die

through the gates of holy they walk
behind the curtains the bastard stalk
-"let the children come to me.."
-"closest to heaven they'll ever be"
trusting believers of him
passing their child to the ultimate sin

raped by the servant of God
injured for life , marked forever
raped by the bastard of lie
they will die
