Wore what you wanted me to wear
You painted my face, you colored my hair
Hold me
(Let me get used to your arms so that I'd long for it
when your gone) lift me up. then let go...
Watch me fall (and suffer)
Watch me need (and suffer)
Watch me bleed and enjoy (enjoy) enjoy as you...
Step on my heart
Cuz you know I'd still smile
Strangle my neck
Cuz I know I'd still laugh
I had to dance to every song you had to sing
Hoping that I'd get used to the sting
Hold me
(Let me get used to your arms so that I'd long for it
when your gone)
I thought you'd patch my holes but even dug a deeper
wound
Cuz I'm your puppet... I'm your clown...
