You can only take so much  
You can only take so much  
Before you turn to stone

You can only fight so long  
You can only fight so long  
Before you turn to stone

Please say we're almost there  
Please say we're almost there  
'Cause I can't move another inch  
Can't feel my legs

It takes everything to breathe  
It takes everything to breathe  
Before you turn to stone

Please say we're almost there  
Please say we're almost there  
'Cause I can't move another inch  
Can't feel my legs

(Sail on) (x4)

And you can hear the siren's song  
You can hear the siren's song  
But it's not where you belong  
(Sail on)

And you can hear the siren's song (Sail on)  
But it's not where you belong  
But it's not where you belong

(Sail on)  
(Sail on)

Red sky by night  
Sailor's delight  
Red sky by morning  
Sailor take warning

Red sky by night

Sailor's delight  
Red sky by morning  
Sailor take warning

Red sky by night  
Sailor's delight  
Red sky by morning  
Sailor take warning
