Wore what you wanted me to wear  
You painted my face, you colored my hair  
Hold me  
(Let me get used to your arms so that I'd long for it  
when your gone) lift me up. then let go...  
Watch me fall (and suffer)  
Watch me need (and suffer)  
Watch me bleed and enjoy (enjoy) enjoy as you...  
Step on my heart  
Cuz you know I'd still smile  
Strangle my neck  
Cuz I know I'd still laugh  
I had to dance to every song you had to sing  
Hoping that I'd get used to the sting  
Hold me  
(Let me get used to your arms so that I'd long for it  
when your gone)  
I thought you'd patch my holes but even dug a deeper  
wound  
Cuz I'm your puppet... I'm your clown...
