What did I ever do to hurt and make you feel this way?
What did I ever do to hurt and make you cry all night?
Time goes by, oh so very fast, so let's make sure to
make this last, tonight
And spin me like a wagon wheel, but girl make sure I
feel myself within the lights

Within the lights
Within the lights

I have lost myself on these streets
Detroit and Toronto and Queens
I need you please
Until you left me out alone
Listen to my screams

What did I ever do to hurt and make you feel this way?
What did I ever do to hurt and make you cry all night?

Within the lights
Within the lights
Within the lights
Within the lights

Let me see you walk those streets
For all the lies, miseries and cheats
I want to love you
Hug me like you love me, kiss and hug me, no, no, no

What did I ever do to hurt and make you feel this way?
What did I ever do to hurt and make you cry all night?

Within the lights
Within the lights
Within the lights
Within the lights

What did I ever do to hurt you?
What did I ever do to hurt you?
What did I ever do to hurt you?
What did I ever do?

What did I ever do to hurt you?
What did I ever do to hurt you?
What did I ever do to hurt you?
What did I ever do to hurt you?

What did I ever do to hurt you and make you feel this
was?
Within the lights I cry
