Some people call me crazy
But I don't think I'm crazy
To believe in me and you could be something
To believe in me and you could be something

Some people say you're no good but
They don't know what's good for me
If it isn't you then I don't need nothing
If it isn't you I don't need nothing

When the lighting strikes
And the rain comes down
I'll be alright
I'll dance in your storm
When the thunder roars
In the darkest night
I see your light
You bring me back home

I feel fire burnin' my soul
That's how I know
That's how I know
It's like desire pullin' me in
When I shouldn't go
Oh oh
That's how I know that I am sold
That you might be the one
Yeaah
You might be the one

Some people think it's stupid
But I don't think it's stupid
To be young and put yourself over me
Don't need directions this is where I want to be

When the lighting strikes
And the rain comes down
I'll be alright
I'll dance in your storm
When the thunder roars
In the darkest night
I see your light

You lead me back home

I feel fire burnin' my soul
That's how I know
That's how I know
It's like desire pullin' me in
When I shouldn't go
Oh oh
That's how I know that I am sold
That you might be the one
That you might be the one
You might be the one
The one

I feel fire burnin' my soul
And that's how I know
And that's how I know
It's like desire pullin' me in
When I shouldn't go-go-go
That's how I know that I am sold
That you might be the one
