(Spoken Softly)

There are thousands of things in this world I'm not sure
about

But when it comes to you, I know exactly how I feel.

(Sang)

You can't sit still
I watched your movement from the car
And I catch my eye
Imagining you here right by my side

(Chorus)

The fire in your eyes is blazing
And it burns right, right through me
Little girl you're so amazing
Ooh
Don't you know you drive me crazy
And I'd love to, get to know you

Here I am, so won't u take me n blow me away

You seem so close
If I could know you're thoughts
If I could read you're mind
Somethings I never meant to be divide

You're so...

(Chorus)

You're so amazing...
You drive me crazy...

So won't you take me and blow me away...

It's now or never
It's now or never

Here I am
There you are
Wish upon a falling star (x8)

(Chorus x2)
