Looking back,
no turning back
wouldn't take it back for
a second (a second)

So unsure yet unashamed love
you turn my world upside down

open up your heart
and let me in
open up your eyes
don't you see?

Don't you see;
when I'm with you I lose control
when I'm with you I am irrational
and when you're near
I fall in love

Gripping fears unknown
it's getting harder to breathe (to breathe)
the little things that guarantee
and this slow, surefire dance

open up your hear (your heart)
and let me in
open up your eyes
don't you see?

Don't you see;
when I'm with you I lose control

when I'm with you I am invincible
and when you're near
I fall in love, again

When I'm with you I lose control
when I'm with you I am irrational
and when you're near
I fall in love

I need you to know that I want you this way

I'll take everything you are
I'll take the fall for you
show you I will
give everything I am

When I'm with you I lose control
when I'm with you I am invincible
and when you're near
I fall in love, again

when I'm with you I lose control
when I'm with you I am irrational
and when you're near
I fall in love
