Come alone and make no  
Attempt to save yourself from what you know  
Had to happen

Come alone  
Come alone

I wish I would have listened when I figured out  
You knew me from the inside  
Your eyes on mine, on mine, and I'm  
I'm afraid and alone with your eternal love in my hands  
And this bread, your body

I know, I know, I know, you know

Come alone  
From the garden to the hill  
Come my love  
I have fallen  
I have betrayed

So irresolute in my mind  
I can't stop pacing, anticipating  
Could this be my fate in the end?  
Cause I'm afraid in the light of the look in your eyes  
when they're locked on mine  
I turn away, cause I know you see right through me

Come alone  
From the garden to the hill  
Come my love  
I have fallen  
I have betrayed you

Here I lie  
My guilt is my sentence  
You have been my life  
I will end it with a kiss

Come alone, my love  
My love, my love  
(I have fallen)

(I have betrayed)
