Holy man of bastard lie  
-"Let your children come to me.."  
Kneel ! do not fear  
Silence! suck my holy spear

Dear father I lead them to you  
I am one step closer to eden  
Crying boy , bloody and beaten  
Drowning delightful semen  
Swallow ! you're one of his lambs  
Just close your eyes and enjoy my hands

Raped by the servant of God  
Injured for life , marked forever  
Raped by the bastard of lie  
They will die

Another mass , another boy  
Behind the curtains, the servants toy  
Paying the price for his holy lust  
All for God , all for him  
His robe wear the stench of sin

Raped by the servant of God  
Injured for life , marked forever  
Raped by the bastard of lie  
They will die

Through the gates of holy they walk  
Behind the curtains the bastard stalk  
-"let the children come to me.."  
-"closest to heaven they'll ever be"  
Trusting believers of him  
Passing their child to the ultimate sin

Raped by the servant of God  
Injured for life , marked forever  
Raped by the bastard of lie  
They will die
