### Verse 1:

Scrap the car- won't crash no more.  
Pitfalls to fits no more leaks nor drips  
And the blood-flow; puddles run dry-  
Time to re-stitch the insides...

I know I talk some- but what I spit's legit  
A rhyme to one may speak truths to some.  
A trap is set- here comes the net,  
Then I, break out (break out like a criminal)

### Verse 2:

Use my warmth and nestle real close  
But you just might be sparing with a ghost  
A ghost of now, a ghost of past-  
Ghost that just might land you on your ass.  
So speak your mind, let it rain with words-  
Echoes that bounce and tenor that stir-  
The mouths of those who do retreat,  
With confidence you can compete...

### Chorus:

Take me with my crazy ways...  
Jump out the box and catch a ride on my train...

Take me with my crazy ways...  
Cause' I'm never gonna stop, never gonna stop, not  
gonna draw the line- today...

### Verse 3:

So I pitch a plan- I pack it up real tight.  
I reap to sow those words I write  
From pen to page my dreams imbue  
An inner glue that holds so true-  
The things in me that let me see,  
The things in those that live fakely.  
And without a doubt- with just one breath,  
I'll flex your mind- I'll take it to the test...

### Chorus 2:

### Bridge:

You can be so sure that I'll show you...oh I'll show you  
how I feel.  
Come on and jump right in...

Chorus:
