Climbin' top a crowded train.
These tracks are gonna take you home.
And suctioned rubber soles won't slip.
Go and check your wings at the door.

Junebug.Â You can catch your breath.Â
Oh, Junebug.Â Oh, I found a friend- I found my best
friend.Â
Junebug.Â You can catch your breath tonight.

All-aboard you heard once more.
This stowaway's my little secret to keep.
No words. No shame.
No one to aim to please- just fear to claim.

Junebug.Â Catch your breath.Â
Oh, now Junebug.Â I found a friend- I found my best
friend.Â
Junebug.Â You can catch your breath tonight.

Oh, Junebug.Â Catch your breath.Â
Junebug.Â Oh, I found a friend. I found my best
friend.Â
Junebug.Â You can catch your breath tonight.
