You don't need to change a thing about you babe
I'm telling you
From where I sit, you're one of a kind
Relationships, I don't know why, they never work you
and they make you cry
But the guy that says goodbye to you is out of his mind
Well I been down and I need your help I've been feeling
sorry for myself
Don't hesitate to boost my confidence
I been lost and I need direction, I could use a little love-
protection
What do you say, honey, come to my defense?
I'll stand up for you if it's what you need and I can take
a punch, I don't mind to bleed
As long as afterwards you feel bad for me
And you give me all of your attention I got deep desire
and it needs quenchin'
I think that's pretty plain for you to see
Hell, enough about me and more about you cause
that'd be the gentlemanly thing to do
I hope you like your men sweet and polite
I thought I was done with telling you but I ain't nearly
halfway through
I got a few more things I'd like to say to you tonight
You don't need to change a thing about you babe
I'm telling you
From where I sit you're one of a kind
Relationships, I don't know why, they never work out
and they make you cry
But the guy that says goodbye to you is out of his mind
You always did kind of drive me crazy and pissed me
off 'cause I let it faze me
But I never wanted my time with you to end
Now I'm back in town for a day or two and mostly I
came back just to see you
I'm leaving now but I don't want to go
You don't need to change a thing about you babe
I'm telling you
From where I sit you're one of a kind
Relationships, I don't know why, they never work out
and they make you cry

But the guy that says goodbye to you is out of his mind
