Come on

You don't need to change  
A thing about you, babe  
I'm telling you from where I sit  
You're one of a kind

Relationships I don't know why  
They never work out and they make you cry  
But the guy that says goodbye to you  
Is out of his mind

Well, I've been down and I need your help  
I've been feelin' sorry for myself  
Don't hesitate to boost my confidence

Well, I've been lost and I need direction  
I could use a little love protection  
What do you say, honey? Come to my defense

I stand up for you if it's what you need  
And I can take a punch, I don't mind to bleed  
As long as afterwards you feel bad for me

And you give me all of your attention  
I've got deep desire and it needs quenching  
I think that's pretty lame for you to see

Well, enough about me and more about you  
Because that'd be the gentlemanly thing to do  
I hope you like your men sweet and polite

I thought I was done with telling you  
But I ain't nearly halfway through  
I've got a few more things  
I'd like to say to you tonight  
Get ready

You don't need to change  
A thing about you, babe  
I'm telling you from where I sit

You're one of a kind

Relationships I don't know why  
They never work out and they make you cry  
But the guy that says goodbye to you  
Is out of his mind, mind

You always did kinda drive me crazy  
And it pissed me off 'cause I let it phase me  
But I never wanted my time with you to end

Now I'm back in town for a day or two  
Well, mostly I came back just to see you  
And even now but I don't want to go

You don't need to change  
A thing about you, babe  
I'm telling you from where I sit  
You're one of a kind

Relationships I don't know why  
They never work out, they make you cry  
But the guy that says goodbye to you  
Is out of his mind
