I've heard your lies a thousand times, I'm tired of
listening
I just want you to hear me.
You've made it like we rolled the dice, but no one's
winning
The game is so addicting.

You drew me in and left me out... so I keep missin

I'll Find a way (find a way)
To get into and out of you
Before it is too late
And I'll Find a way (find a way)
To get into and out of you
My Best Mistake.

I swear we're on the silver screen, the way we're acting
I picture how it's ending.
I found a side I didn't like and now we're distant
I still want you here with me.

You drew me in and left me out... so I kept missin

I'll find a way
Your my mistake
To get into and out of you
My best Best Mistake
And I'll find a way
Your my mistake
To get into and out of your
My best mistake

Bridge

I'll find a way, Find a way
To get into and out of you
My Best Mistake
And I'll find a way
Your my mistake
To get into and out of your
My best mistake
And I'll find a way

Find a way!
