Let me say this one more time  
Just in case you didn't hear it right  
I'll put it in my own words  
So I'll know it's understood  
You sent me out on a limb  
You brought me home... Sent me back again  
...Out on that limb one too many times  
You should've known I'd learn to fly  
(chorus)  
You can have anything on earth you need  
Anything that breathes you can surely still it's wings  
You can have everything on earth you see  
Anything on earth you need but me

You can have anything you need but me now  
Anything on earth you need but me

I'm shattered as the broken glass

Around the wreck out on the tracks  
You had the very heart of me in your hands with  
honesty  
You rolled it up within your sleeve like a beacon  
Then you left it out  
In the cold and the rain  
I've picked it up and brought it home again  
(repeat chorus)  
It's time to move the lights are green  
After all it's love we need  
And if it doesn't dance and breathe  
Then it doesn't grow it seems  
My headlights catch you with my love upon your sleeve  
You're standin' still in the middle of this road  
It's time to pass you by and go  
(repeat chorus)
