Verse 1: Shaq  
who the hell is Shaq Attack you'd better read the paper  
treat me like Biz Markie you'd better catch a vapor  
I've got mad props so why would you exploit  
punch you in your face like that kid from Detroit  
really yo you'd better ask MC Hammer 'bout this bad  
mama jama  
tall kid with the hoopa hypa lipta-gramma  
watch out yo it's time for MC bashin'  
got more loot than my man Johnny Cash and  
I'm hard like a 360 twice jam  
ask Dr. Dre and Ed Lover who's the man  
I'm sure they'll say me brother please don't play me  
like a shrimp  
dunk it on your head then I'll point like Shawn Kemp  
don't need the drink crooked I juice to get loose  
my favorite cartoon is Bullwinkle the Moose  
I'm 'bout to sting you like rubbing alcohol  
yes yes yall call me Ed Jones cause I'm too tall  
put the rhyme between my legs then I'll score  
never mind a whore I wanna do a phat tour  
come freak the style that the big Michelle display  
you know the style that be my fortie

#### Verse 2: Phife

it's the Phife and Shaq mission plus Shaheed's got the  
goods  
making rough daddy jams knocking harder than wood  
make ya boogie with the fly armstrong crew  
Phife Dawg and Shaq Fu this is how we do  
funky renditions there's no competiton  
split mc's apart as if their group was New Edition  
make mc's hush stop look and listen  
it's hard to comrehed so they commence to  
remincising  
far from an amateur microhpone damager  
end your whole career beat down your manager  
never was a herb kick you to the curb  
there's more to my attitude than the city of  
Johanesburg  
styles are mean but this year they're even meaner  
carrying chips on my shoulder so call me Sarafina  
gaurantee ?? martin pissin' and a fartin'  
mess around with this and you'll be on a milk carton  
mc's don't like me I say tough titties  
blow up the spot like my man from Jersey City  
people always askin' 'why is Phife so cocky?'  
I gotta be good at something cause I can't play hockey  
you know the status and the status is live  
the first draft-pick for the label called Jive

yo Shaq, where ya at?  
I'm over here  
yo Shaq, where ya at?  
Phife, I'm right here  
yo Shaq, where ya at  
Phife, I'm right here  
yo Shaq, where ya at?  
Phife Dawg, I'm right here  
yo Shaq, where ya at?

Phife, I'm over here

Verse 3: Shaq, Phife  
yo here I am again you'd better call the cops

I can kick it like he-he then I'll grab my crotch  
yo it's 1993 I mean nineteem-ninety-Shaq  
whatever year it is the Shaq will never slack  
giving mad shouts to my homeys up in New Or'  
on and off the court you know I do her

peace to that dog and peace to this dog

world's greatest 5-footer as if you didn't know

as long as the mic's on that's when I get my run on  
battle anybody come bring your whole crew  
you want the short black eskimo come see me in my  
igloo  
nasty like vomit couldn't clean it with comet  
psycho like the Lords crazy like Onyx  
forget the hes and shes and concentrate just on the  
flow  
Phife Dawg signing off enjoy the rest of the show
