

Grim Reaper "I Want More"

Late at night I'm haunted with visions from the past,
They bring back painful memories, how long will they
last?
You said you'd always be there, but I fought it on my
own,
I guess you made my mind up, 'cause now I walk alone

The bubble's burst, the dream lies broken,
And now I'm out here facing life alone
I guess you took my love for granted,
And now it's turned my broken heart to stone

You let me down, you said you'd try,
But I want more,
How could I stay and hear you lie?
But I want more,
I'll never fall for that again,
I want more,
And so I walk alone again,
I want more
I want more

Reoccurring nightmare that always come around,
I never will forgive you, you know you let me down,
I lie awake and wonder if I should take the blame,
But it won't make no difference, we'll never be the
same

The bubble's burst, the dream lies broken,
And now I'm out here facing life alone
I guess you took my love for granted,
And now it's turned my broken heart to stone

You let me down, you said you'd try,
But I want more,
How could I stay and hear you lie?
But I want more,
I'll never fall for that again,
I want more,
And so I walk alone again,
I want more
I want more

You let me down, you said you'd try,
But I want more,
How could I stay and hear you lie?
But I want more,
I'll never fall for that again,
I want more,
And so I walk alone again,
I want more
I want more
