Liar, Liar, Liar, Liar.

I'd never thought I'd find a woman like her,  
Who could satisfy my needs,  
She got just about everything,  
Satisfaction guaranteed.

Then one day I hear from my friends  
You've been cheatin' behind my back  
All the times you said your gonna make it  
Just to keep me off the track  
Then one day she finally broke the news  
She decided to tell me straight  
Could I take her back, could I forgive  
But I told her it's too late

Liar, Liar, Liar, Liar.

Thought she was perfection in every way  
She was one to please  
Then things changed, anyone could tell  
It was there plain to see

Then one day I hear from my friends  
You've been cheatin' behind my back  
All the times you said your gonna make it  
Just to keep me off the track  
Then one day she finally broke the news  
She decided to tell me straight  
Could I take her back, could I forgive  
But I told her it's too late

LIAR!
