Curl myself into this hell forever  
Fail to cut the demons off of my back  
Drown into a world of lie and filth  
Separating me from myself

The bastard inside me  
Will one day wake up and die

Lying cheating drowning...  
... In my own shit

Separation of my soul [x2]

Drown in my own shit  
Fail to cut the dragon  
Separate... the dragon by the balls

Curl myself into this hell forever  
The bastard inside me  
Drown into a world of lie and filth

Separating my soul [x2]
