Problem solved yelled the police
We wiped the shit right off the street
Human beings sentenced to death by means of winter
and concrete
I saw it on my tv i can be anything i want to be
Unless my family's got no money
Then i'll just settle for some sleep
Everything is hunky dory in candyland
We hide our problems well but it's ten below tonight
And i don't know why i was put inside this hell
I need to be treated like a person
5 o'clock soup kitchen before you eat you've got to pray
Well jesus hasn't saved us yet
What makes you think he will today?
So hang up a red kettle ring your goddamned bell for
everyone to hear
Hey fuck it's christmas here's your paycheck for the
year
There's charities outside your malls that treat human
beings like animals
We persecute those without homes, is it a fucking
crime?
No i really don't think so!
Today i daydreamed that i could leave here tomorrow
Because i've had too many days like yesterday
Hey man you look really busy but i really need a friend
Can someone spare a smile?
