His body's abused
He'll die with the accused
He's losing his patience with life
If there's a bed
He cannot rest his head
'Cause we take too much of his time

So quit asking Jesus for help
And go out and find it yourself
Please quit asking Jesus for help
Go out and find it yourself

Silver or lead
Holes in your pockets
Or holes in your head
Silver or lead
Now we get no money
'Cause Jesus is dead

How to explain
What the world wants to know
I don't know where I should begin
I sit by his side
As the heir to his throne
Careful not to cast a stone

It's silver or lead
Holes in your pockets
Or holes in your head
Silver or lead
Now we give no money
'Cause Jesus is dead
Now silver or lead
Holes in your pockets
Or holes in your head
Silver or lead
Now we get your money
'Cause Jesus is dead
