Electrify the night
Follow the moon
Islands don't dream
Of cities like you

'Cause you can't stop sleepwalking
Follow the moon
Oh, you can't stop sleepwalking
Your spirits consume

Falling through trees
Safe from the buzz
Islands don't dream
Of cities like us

Oh, you can't stop sleepwalking
Follow the moon
Oh, you can't stop sleepwalking
Our spirits consume

Between lines and snakes and casks and coals
We were never alone
Between fields of fire and miles to go
We will find our way home
We will find our way home
Find our way home

Oh, they can't stop sleepwalking
Follow the moon
Oh, they can't stop sleepwalking
Our spirits consume
Oh, you can't stop sleepwalking
Follow the moon
Follow the moon
Follow the moon
