She had me good but she know I would... my life  
Didn't know she was evil.  
I believe our lives 'cause it felt so right  
... my life you know, she was evil.  
And I close my eyes and imagine never hurt for her  
I think that it's time...

Chorus:

If the devil had a sister  
I think I just kissed her goodbye  
Think she knows that I will miss her  
I just need a...  
And you go back where you came from  
Go back where you came from,  
Back where you came from.

She would call my... tell me she was...  
Make believe she's... didn't know she was dying  
She was doing... she was doing a thing  
While I slept that night, had a dream  
She was lying.  
And I close my eyes and imagine never fell for her  
I think that it's time, I tell her that we've finished.

Chorus:

If the devil had a sister  
I think I just kissed her goodbye  
Think she knows that I will miss her  
I just need a...  
And you go back where you came from  
Go back where you came from,  
Back where you came from.

[Chorus:]
