If only my tears hit the ground. You came up, instead of  
going down, if  
Only

Just a hug, or a kiss. A handshake, anything, but I'm  
standing here, and  
You're going down.  
I'm on hollow ground, there's like a modern lone.  
I know I was wrong  
All the lone, is the end of our song, and I wish I could  
turn back the hand  
Of time to bring back a friend of mine today.  
Well that does fly away, thoughts of you remain.

Still I wish I could love you alive  
Cause no one even thinks that it's logical  
It's impossible to love you alive  
Cause they think that I'm crazy but they don't know  
How far I would go  
I'll send you my heart, my mind, my soul  
And hope that my wish could get to you  
I love you alive, alive, alive... hmm...  
I love you alive  
(Time to say goodbye)

Nothing left, just regrets.  
My heart aches over everything that I never said  
I didn't know, so I didn't show  
Now I'm standing here, telling you that I was wrong  
But you're gone, It's the end of our song, and I wish I  
could turn back the  
Hand of time to bring back a friend of mine today.  
Well that does fly away, thoughts of you remain.

Still I wish I could love you alive  
Cause no one even thinks that it's logical  
It's impossible to love you alive  
Cause they think that I'm crazy but they don't know  
How far I would go  
I'll send you my heart, my mind, my soul  
And hope that my wish could get to you

I love you alive, alive... ohh.  
If I could love you alive.

Cause no one even thinks that it's logical  
It's impossible to love you alive  
Cause they think that I'm crazy but they don't know  
How far I would go  
I give you my heart, my mind, my soul,  
And hope that my wish could get to you  
I love you alive, alive, alive, mm.  
If I could love you alive.

Time to say goodbye  
For the people we took for granted  
Not knowing time would be so short  
We didn't express the way we felt  
In fact, we failed  
So show our true appreciation  
If only I knew  
That of all the moments we spent  
Only a few, would be remembered through time  
Cause in time, memories fade  
Life is loss, everything we got would be lost  
If you don't lose it, they would lose you  
The truth, "love lasts forever"
