Yeah, remember back in the days man  
When we used to just go to the club  
(And I'm so high)  
Get your sway on  
(And I'm so high)  
Get your sway on

You just might be the sexiest thing off in the club  
(Off in the club)  
And I'm just trying so damn hard to get you home  
(To get you home)  
So why we play these silly games girl we both grown  
(Girl, we both grown)  
I'm so addicted to you girl, you got me blown

And I'm so high, and I'm so high  
And I'm so high, and I'm so high  
And I'm so high, and I'm so high  
And I'm so high, and I'm so high and I'm so high

Girl, what your name be?  
(Lisa, Kelly, Mary, Sue)  
What your game be?  
(Playing me, I'm playing you)  
And what your frame be?  
(36-24-42)  
Can you blame be?  
(For wanna get with you)

Girl you know without  
(A doubt)  
That you got me so  
(Sprung out)  
And I'm sitting in the  
(Club)  
Love the way you work it  
(Out)  
I'm just sipping on my  
(Drank)

And been popping all me  
(Ecstasy)

And the way you move it girl  
I'm just thinking of your  
(Sex)  
Anytime I'm in the club  
(You can get just what you like)  
Anything you wanna drink  
(Just tell me what drink to buy)

I'm just tryna take you home  
Maybe we can get gone  
Sunday, Monday, Tuesday  
Wednesday, Thursday  
Friday, Saturday Love

You just might be the sexiest thing off in the club  
(Off in the club)  
And I'm just trying so damn hard to get you home  
(To get you home)  
So why we play these silly games girl we both grown  
(Girl, we both grown)  
I'm so addicted to you girl, you got me blown

And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high and I'm so high

Take a lot to impress me 'cause  
I just 'bout might've seen them all  
Petite, thick, skinny, short, small, athletic  
And I done seen them tall

Weight ain't even a factor, I take them heavy or  
(Big boned)  
Yellow bone, red bone, brown skin, light skin, I take  
them  
(Dark toned)  
'Cause it don't matter bout that I'm stress free  
I ain't mad about jack  
(Nothing, anything)

I'm sick and tired of seeing the same thing in the club  
Hold on, as a matter of fact  
Lil' mama in the middle of the dance floor  
Started off fast, now she dance slow  
Got everybody in a trance mode  
But I got one thing that I need to know

You just might be the sexiest thing off in the club  
(Off in the club)  
And I'm just trying so damn hard to get you home

(To get you home)  
So why we play these silly games girl we both grown  
(Girl, we both grown)  
I'm so addicted to you girl, you got me blown

And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high and I'm so high

That Juke, that Juke, that Juke  
Can you South Dade Juke?  
(Juke, juke, juke, juke, juke)  
Can you South Dade Juke?  
(Juke, juke)  
South Dade Juke  
(Juke, juke, juke)  
You and me South Dade Jukey to the beat

That Juke, that Juke, that Juke  
Can you South Dade Juke?  
(Juke, juke, juke, juke, juke)  
Can you South Dade Juke?  
(Juke, juke)  
South Dade Juke  
(Juke, juke, juke)  
You and me South Dade Jukey to the beat

You just might be the sexiest thing off in the club  
(Off in the club)  
And I'm just trying so damn hard to get you home  
(To get you home)  
So why we play these silly games girl we both grown  
(Girl, we both grown)  
I'm so addicted to you girl, you got me blown

And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high and I'm so high

And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high  
And I'm so high and I'm so high
