Just because you choked on it ,
It doesn't mean that you have to go .
I can't recieve sms and I just wanted you to know.
I smoked a lot of cigaretttes, but did that stop us from
being friends?
Could've guessed your lies on it but did we get there? I
hope we got there in the end.

Yesterday we cruised on automatic , tall grass is ready
to roll
Where were you when it got all dramatic? Hiding away
in your hole.

Pretty please don't cry on me ,because I don't think I
got the strength.
If I could've cried outside in the rain. But did we get
there?
I know we got there in the end.

Yesterday we cruised on automatic , tall grass is ready
to roll
Where were you when it got all dramatic? Hiding away
in your hole.

Maybe on another Sunday, pick another time and we
fight looking over your shoulder
Maybe on another Sunday, pick another fight and no
one is right now your feelings are gone.

Just because you're soaked in it, does that mean that
you have to go?
I smoke all of your cigarettes, but it meant nothing , it
meant nothing in the end.

Yesterday we cruised on automatic , tall grass is ready
to roll
Where were you when it got all dramatic? Hiding away
in your hole.
