Rising tide , We connect  
To the rising high, no comment  
All those lonely nights, all undressed  
To the rising tide, we connect

We connect, we connect  
We connect, we connect

We're not here, in this room  
We still can be there soon

All those empty nights , left alone  
To the rising tide no one knows

We connect, we connect  
We connect, we connect

Rising tide, Rising tide  
Rising tide, Rising tide

We connect, we connect  
We connect, we connect
