Give them reasons why  
Fuck the real reasons  
I was crucified  
Still the wrong season  
Now you're looking for a signpost that takes you to  
home  
Now you're looking for a signpost  
Signposted  
Tell them out of luck  
Jack the rap table  
I don't give a fuck  
Wrack the room fables  
Now you're looking for a signpost that takes you to  
home  
Now you're looking for a signpost  
Signposted  
Back in Disney Land  
Cast away island  
Still can't comprehend  
'Cos the repeats over  
Now you're looking for a signpost that takes you to  
home  
Now you're looking for a signpost  
Signposted  
Now you're looking for a signpost that takes you to  
home  
Now you're looking for a signpost
